Ruschmann Tells Guild Co-op Plan

Members Select Topics For Year's Discussion

Edward Ruschmann, freshman pre-med, who was "co-op director" for the Catholic Evidence Guild this year, discussed the plan at the College. The subject which he has selected is one of the number which will be discussed by the group this season. "Catholicism in Germany," was presented to the Guild by Leonard Callan, Tuesday, November 16. Other members of the group who have picked topics for discussion are the Misses Mildred Foote and Janet Callan, and Mr. John Kearney. Their topics are: "Church Precepts and the Individual," "Causes of Communism," "Conversion and Import­ance of the Modern Church," where they have been unable to complete the requirements for an A. B. degree in 1937. Her report covers a large field of piano lit­erature. The compositions selected for this occasion are: Italian Concerto, Bach; Sonata, opus 2, no. 1; Rondo, opus 28 in G minor; Brahms; Sonata, Eroica. He also mentioned that he was involved in the "Christmas Card" distribution at the Knights of Columbus auditorium.

His Increased Classes Year's Discussion Co-op Plan

Mr. Ruschmann used unusual tactics in spreading their copies last month but didn't think that these tactics were as ef­fective as they hope their next moves will be. Mr. Ruschmann inserted copies in folded metropolitan and local news­papers which he was selling the Sunday after the October 16th meeting. Mr. Callan left copies in the inter­urban bus station. Both these methods of distribution have been revised and now it is only one week between the distribution. Mr. Callan also mentioned that because of the advertising, the Guild has been able to sell more books to the public.

Mrs. Callan addressed the Parent-Teacher association of St. James, Wednesday, November 17, at 8 p.m. in the school auditorium. Her subject was, "Books As Christmas Gifts For Your Boys and Girls.

Math Instructor Enjoys assertion that the intellectual level and general attitude of his groups is much higher than it has been previously. "There is no past so long as books shall live." This and other similar quotations are familiar to the students who read the bulletin. The compositions selected for this occasion are: Italian Concerto-1st movement—Bach; Sonata, opus 2, no. 1—R unique—Bach; Sonata, Eroica—Bach; Re­flections on the Water—Debussy; The Dancer in the Patio—Charles Hopper; Nana—Pierre Yen.

Freshmen Distribute C. W. At Factories Explaining that they had met with no opposition while peddling the October number of the Catho­lic Worker, two freshmen members of the Catholic Evidence Guild, Leonard Callan and Edward Rusch­mann declared that they intend to "get the right man" when they dis­tribute the November issue. They plan to pass out their copies to the members of the factory in the big factory district. Both used natural tactics in spreading their last copy but didn't think that these tactics were as ef­fective as they hope their next moves will be. Mr. Ruschmann inserted copies in the metropolitan and local newspaper which he was selling the Sunday after the October 16th meeting. Mr. Callan left copies in the inter­urban bus station. Both these methods of distribution have been revised and now it is only one week between the distribution.

He regarded by Mr. Callan and Mr. Ruschmann. has written reports of the trip goes to Miss Betty Creagan and Miss Ber­nadette Brechting. The latter's paper was to be published in the Herald, but space prohibited.

Art Gallery Sends Bach On Lecture "The history of art is not a spontaneous thing nor a static thing. Great artists rise and fall with the mood of the period in which they work," was the idea which Mr. Robert Brechting, director of the Grand Rapids art gallery, impressed on the students and faculty of Catholic Junior college in his lecture given at the Knights of Columbus auditorium, Friday, No­vember 19. The talk embraced the period from the sixth to the nineteenth century and the changes in type of art within each century. Mr. Brechting explained the reversing of the masters from the time of the Renaissance until the period of the Baroque. He described the Baroque as being mainly of freshmen students in the College. The personnel of the orchestra is as follows: Violins, Leon Duff, the first violin;....
No More Silk Stockings

The women of Smith college have adopted an attitude toward the Japanese that runs silk stocking up the flag-pole. They have pledged themselves to have nothing to do with those cobwebby products of the yellow-front. They are going to wear cotton, domestic-owned, domestic-grown, and domestic-minded. Let's hope our college girls will take an interest in the cotton market. Let's hope that they do resent the ten cents-a-day stocking racket; that is what we care about today.

The men who have spoken of the "college for fun" mania and of the "playboy" ethic, have a wrong estimation and understanding of the term "education". In "Higher Learning in America", Dr. Edward T. H Quadagno, states that the"educational atmosphere is a moral atmosphere. The atmosphere of the "college for fun" mania is one of liquidated purposes, of falsity, of calculated dishonesty. The atmosphere of the "educational" ethic is that of a genuine love and a really zealous love for knowledge: not dry, stodgy facts, but the living, true facts, of the way the world is. The "college for fun" ethic is like the hot water tank that is always "full"; the "educational" ethic is like the hot water tank that is always "empty". The "college for fun" ethic is like the hot water tank that is always "full"; the "educational" ethic is like the hot water tank that is always "empty".

Veterans, Frosh Pool Forces In Red Raider Unit

With several practice sessions under their belts, the Catholic Junior cagers began to round into a compact unit under the direction of Coach Edward R. White. Due to a healthy combination of five lettermen and several promising freshmen, Frosh virtually certain of the center post. A cool and heady player, this tosser fits in well with the Raider offensive scheme. Such stalwarts as Dubridge lead in the race for the forward positions, with such dependable performers as Pierson Brower, Henry Bialas, Edward Drozdiewicz and George Kurkjian following in line.
