That Ban Music, Driving Me Mad

Arguments by the most unpopular man on campus:

Jack Quinn and Phil Vadeboncoeur

1. Students should realize that it is their privilege to park on campus, since most college campuses are 99% student-subsidized facilities.

2. The Aquinas College Campus can easily be one of the most beautiful areas in Ann Arbor. To correct the present situation, stricter parking regulations must be enforced.

3. If bands could be banned, everyone would give his wholehearted support (at 9:30 Wednesday, April 12, there will be 90 cars and space for seven more.)

4. The College Administration should not be charged the additional costs of parking lot upkeep.

5. $1.50 a semester is a reasonable charge and a comparison with other colleges fee, low. Different stickers should be issued each semester.

6. If fees and fines are not paid immediately, cars should be banned from lot and campus.

7. Faculty members should have a reserved parking space and easy entrance and exit from same.
