Marian Club Meets Downtown Tonight
Reorganization of the Marian club was announced at the Student Guild meeting, Jan. 30. It will have its first meeting tonight, Feb. 5, at 69 Ransom. The Guild appropriated $25 for "City of Kings." Possibility of a repeat performance of Kings was brought up at the Student Guild meeting. The Lancet, Jan. 30, was based on the life of Blessed Marie de la Conception, 1884-1924.

Another J. Brit, moderator of the Lancelot cult, says that proceeds would go to the expansion drive. He hopes to take the show to Muskegon, Saginaw, and Bay City. "Every student is welcome to work on this play, either as an actor or backstage," says Brit.

Science Members To Enter Contest
Several Science Club members are planning to take part in the essay contest being sponsored by the Western Michigan Branch of the American Association for the Advancement of Science. The essays must deal with some technical factors of the automotive industry. Judges will be chosen from the Aquinas faculty. The winners will be invited to the Society's banquet in March and will be given a stipend of $10. Entries must be submitted before Feb. 26.

The Herald staff extends prayerful sympathy to Edwin and Lois Ives, '59, on the death of their infant son, last Saturday afternoon, Oct. 30, '59, '23, on the death of their mother, Jan. 22; and to Helen Burghstahler, '51, on the death of her sister, Margaret Ives, Dec. 1.

It is my firm conviction that the very best way to convince the administrators of large institutions that Aquinas' cause is worthy and to enlist their aid is through the religious students to destroy such practices as exist at other universities.

The Press Speaks

The Heightsonian News of Loreto College, Dubuque, expresses the hope that in the future there may be an end to the distraction and the superficial acquaintance gained in the matter of popularizing a school, both on the part of the rectors of seminaries and Catholic colleges and the local press prevents a just and impartial trial.

To the Student Body:
The first semester's college debate season was climaxed by a tournament of students representing several colleges of western Michigan, Jan. 19, in Mt. Pleasant. Because the debates were held during examination periods, only students who were unable to participate.

There was not a single real minimum of respect for the school.

The rental or lease of a building temporarily would entail less outlay than running a house. The kitchen equipment and service dishes for such an establishment would certainly run to no more than all the equipment that would be needed in a dormitory. Most of the food and equipment would have to be bought new and in student life would be reduced, and a cooperative dining hall would benefit all out-of-town students of Aquinas, men and women as well.

Dinner could be served from 5 to 7 p.m. every day, and possibly at noon on Sunday. Even breakfasts might be served at one time.

Dr. Bouscaren Sees Military Answer to Soviet Problem

Military power is the only answer to the communist threat, according to Anthony T. Bouscaren, assistant professor of political science at the University of San Francisco, who spoke at an Aquinas open house.

Point Four alone will not check the spread of Communism, Dr. Bouscaren said, because military force and not material poverty is the cause of Communist expansion. "You can't throw a television set in the face of an encroaching invader," he said.

Condemning the pre-Korea foreign policy of containment as static and defensive, Dr. Bouscaren showed through his slides how "Stalin's little helpers" worked in the American press, motion picture industry, colleges, and universities, as well as in the State department.

"We are fighting in Korea today because we abandoned China yesterday," the speaker maintained. The Kremlin, he said, looked to the Orient, but when the Chinese re-serve, then utilized a nationalistic liberation movement to overthrow the existing government. The Chinese had nothing to lose but their chains.

"The Soviet empire today is vulnerable," said Dr. Bouscaren. "To-morrow it may be far less vulner-able. We need to act now, while action promises results."

**Students Play, Sing At Music Convention**

James Howe, freshman, and Melvin Light, senior, played for the convention of Catholic Music Educators' Association, Michigan branch, Feb. 2, in the Civic auditorium. Mr. Howe, tenor, under the direction of Henry Stue, as general chairman, received a $500 check from the Michigan high school and colleges students, directed by Harry Seitz, Ph.D., of Detroit.

Aquinas students in the chorus included Lorraine Jarmosco, and Gerald Meke, seniors; Beatrice Vargas, junior; Jane Hoffman, William Landauer, Robert Kelly, sophomores; and Denise Rooney, Gerald Mead, Robert Wul, freshmen.

Lorraine Jarmosco

In any word-association test given at Aquinas College, the name "Lorraine Jarmosco" would surely elicit the enthusiastic response: "music." Understandably so, too, for it would be hard to imagine any other college on campus or downtown if Lorraine's high, clear, lyric soprano had not been soaring aloft each afternoon. This simmer, blond-haired lass has other talents up her pretty sleeve — just in case!

She is as much the journalist as the musician, doing everything from proof-reading to sports-editing for the Western Michigan Catho-lie. And she teaches, yes, really. Ask the children at St. Andrew's School.

**Library Receives Book Donations**

Among new books in the Aquinas library are three donated by alumni.

These are: The Fateful Diaries, donated by Gerald F. Knape, '50, Lost Language by Sister M. Madeleine, translated by Roy Campbell, and Cross, translated by Roy Campbell.

The library has purchased the microfilm edition of the Michigan Catholic, for the period 1880-1880. A display for Catholic Press Week this month will be made of the December sale and book gift shop and en-tered in the contest sponsored by the Western Michigan Catholic.

Aquinas's Hopes for Revenge Friday Meet Hungry Host

The Tommies, determined to break up their series of close defeats, prepare to meet Ferris, Feb. 9, at C. C. Gym. An early-season win over Ferris marked a giant step in Aquinas athletic history. Ferris since have been whalloped by the loss of their see-forward 6 ft. 4 inch Carrington, but with their 6 ft. 6 inch center Johnson, still are a serious rival.

The Tommies' latest close defeat was administered Feb. 1 by Jackson J. C. To 32 points for three quarters, the Tommies made a spirited 24-point rally which fell short in the last 36 seconds scared Jackson but the victory still went to the Junior College by a 28-27 score.

A close-played first half saw Jackson with a 28-27 lead. The third period drive by the host team in which threatened to send the Toms home with a reverse turning, gave J. C. a 45-32 margin and the victory.

Brown's 21 points were overshadowed by his great defensive job in holding Jackson's 6 ft. 6 inch center, Hoyt, to 7 counters. Hoyt, to 7 counters, and on the late comeback, making 6 of his 8 markers in the last minute of play.

Ferris's Hopes for Revenge

By Lloyd Brown
Coach Webb Martin of J. C. is still probably wondering just how the game between the Raiders and the Tommies might have come out if fate hadn't placed a certain somebody out on the floor for the Tommies — a somebody who split the three quarters, the Tommies made a gigantic point rally which fell short in the last 36 seconds for four straight buckets from the line.

A three-quarter lead by Ferris was cut to 66-60 by the Tommies in the dying minutes. Being an excellent floor man and possessing a "hot" touch on the boards.

Three of the Toms are expected to fall before the Toms' power, rose up in a second half rally to set the Toms back 50-49.

Dick Moody, carrying much of the Toms' hopes for a top-notch 35-35 basketball record were rudely jolted by three one-point losses, two in overtime contests. Moody and Eddington, whose 8 points all came in the last quarter, led the closing rally.

A real old timer is none other than Stan "The Man" Solokis, five foot nine inches of terrific basketball player.

Tommies, Three Points Shy, Clipped for Triple Loss

Dick Moody and Ed Meko lead the pack with a Jackson villain in hot pursuit.

Tommy hopes for a top-notch 35-35 basketball record were rudely jolted by three one-point losses, two in overtime contests.

Monsegon Jayhawks, who were expected to fall before the Toms' power, rose up in a second half rally to set the Toms back 50-49.

The victory which can be credited to Lloyd Brown's usual lead, startled for the Tommies, but Brown, in spite of the fluff, accounted for 18 points to lead the scoring. A natural desire to play a good game before the old hometown fans (not remotely connected with a desire to play to the grandstands) led to the worst night of the season for three of the Toms.

Baker's boys showed their power to rally against Jackson J. C., Jan. 25, when 8 points down after two minutes of play, the Toms climaxed their comeback with a tying basket by Dave Eddington in the last 17 seconds. The Toms, shy Brown, the second overtime, were defeated on a charity loss.

The Aquina's 16 points were instrumental in the early scoring but the three sophomores, Brown with 24, Moody with 18, and Eddington, whose 8 points all came in the last quarter, led the closing rally.
