Committee Seeks Senate Revision

The committee is chaired by John Bagladi, Holland junior; Matt W. Porter, John D. Hibbard, Sr. and James M. Ver Meulen.

The vote of the chairmen will be the first production by the Aquinas College players in the Student Center campus, THE CARRIAGE HOUSE.

The story of the trickster, Tartuffe. He wears the mask of a rogue while Orgon, the master of the household where Tartuffe stays, wears the mask of a fool. In the end he is unmasked and the viewer sees Tartuffe tricked; hence the double irony which so intrigues the audience.

The administration announces calendar adjustments.

FOLLOWING a thorough committee study and evaluation, the Administration Council of Aquinas College has announced that a change in the calendar will be effective for the 1967-68 school year.

Under the present calendar students will break for Christmas this December 16 and return January 3 for a week of classes followed by another of final exams and then a semester break.

With the holiday season operation next year, Christmas vacation will be free from exam-anxieties and term paper deadlines.

The second semester of 1968 will open January 15 and will include a spring break similar to the present calendar, extending from April 8 to April 15.

Since the school year will be opening earlier, Commencement Exercises for the graduating Class of ’68 are scheduled for Sunday, May 19.

YCS Film Series Offers Fellini’s "8 1/2"

The fourth in a series of art films sponsored by the YCS is one which has taken over 40 international awards including two Academy Awards.

"8 1/2," directed by Federico Fellini, who became renowned for LA DOLCE VITA, takes on an "Alfred Hitchcock trademark" as it portrays the double crisis between marriage and career in the artist’s life. The usual Sunday film will be shown this weekend Ballroom November 19 and 20, at 8 p.m. for an admission fee of $1.00.

"8 1/2" is a story of the film director caught by the pressures of everyday responsibilities from his producer and wife, his ma, his friends, and the ever-present threat of the camera. The reason for the choice was the fact that he had produced seven films and three were unfinished.

Fellini’s film depicts several themes, the most evident is the complexity of human character. Also included are ideas on the meaning of human love in marriage, the isolation of his producer, and the mystery of the creative process.

Typical of the films produced by the Italian director is the use of many unusual visual and dramatic images. The story of Fellini’s "8 1/2" was adapted by the producer from a novel by the famous writer and composer of "Casanova."
The Strength of a Link
We, as Christians, share many of the same truths, the same convictions, the same hopes and aspirations. We call this faith the General acceptance of these titles comes responsibility — a responsibility to our fellow man.

There is an organized group at Aquinas which is composed of members who are not only cognizant of their apostolate, which will always remain constant, but also well aware of their responsibilities. It is in their belief that a group has strength only if its individual members have united their individual strengths to contribute to the perfection of the whole. This group, the YCS (Young Christian Students), has come to the fore of college activities. Every week, various groups of these students visit, teach, and play with the youngsters at St. John's Orphanage, St. Joe's Home, and the retarded at St. Francis Xavier's. It's members come together to share what they have known, and learn, One of their outstanding projects is a coffee house, which features amateur entertainment in an artistic atmosphere. This, perhaps, is an example of a means to unite. This group has become stronger in its spiritual needs without destroying material needs, which will always remain constant. Their strengths are aware of their responsibilities and, more important than that, they have this faith by relying on the strength of active, interested individuals.

Campus News Briefs

The Holloway Chess Club of Grand Rapids will have its first meeting Nov. 3 in the downtown YMCA. All members are invited to attend.

Sister S. Bride, O.P., Chairman of the Elementary Education Department, has been named a consultant of the National Council of Teachers of English which will meet this year in Houston, Texas, from Nov. 25-27. Sister will be a consultant at this meeting and her position at this annual conference will last for three years.

Sister M. A. Cooper, O.P., Sister of the Sacred Heart, will meet and confer with the volunteer work done in Mexico. She is a consultant of the group affiliated with the Conference on the Reach-American Student Project, which is composed of student interested in this type of work is invited to attend.

Sister M. Kevin, O.P., Professor of Music Education, has received a special citation during the meeting of National Inclusive Conference — Music Division Nov. 29-30 and Dec. 1 in Kansas City. The meeting will discuss the present and future of music in the liturgy.

SYMPHONY
The faculty and students would like to extend sympathy to Mrs. Natalie Dean and her family on the recent death of her brother, James Dean. Visitors are invited to come and join us for the fourth-day holiday vacation.

British Scholar Comments On Contemporary Drama
Aquinas College hosted Mrs. Kay Baxter, Danforth lecturer, Nov. 10-11.
Upon her arrival Thursday, Nov. 10 Mrs. Baxter spoke at 11:10 a.m. in the Wege Center to Sister M. Bride's Chaucer class and Mr. Jack Banks' speech class. The topic of her morning lecture was: "Woman's Place in Contemporary Drama." Mrs. Baxter developed her theme by using several plays to illustrate that an anti-feminism attitude is prevalent in many modern plays.
After using several American playwrights including Edward Albee as examples, Mrs. Baxter pointed out that this anti-feminism attitude is also prevalent in Europe.
In concluding her talk, Mrs. Baxter brought out the Christian viewpoint concerning this topic. A question and answer period followed.
Friday, Nov. 11 the lecturer spoke again at 10 a.m. pointing out the need for communication between arts and sciences. Mrs. Baxter drew an analogy between the two by using seven basic principles of comparison. She mentioned the structure of the scientific instrument and showed how the dramatist uses this when he studies the fact. The other points of similarity were: both scientists and dramatists use models, both point out certain biological principles and lastly both employ creative freedom freely.
Mrs. Baxter continued her lecture by saying that she sees the theater as a bridge to science, philosophy, theology and the arts. She feels that the French playwright Eugene Ionesco is the best experimenter in attempting to show this communication between the arts and science.
She concluded by pointing out the Christian attitude toward this communication. She said that the Christian must first imagine and then realize true human relations.
Mrs. Baxter concluded her visit on campus by lecturing to a Friday afternoon class.
A stunning black and silver evening ensemble is modelled by Miss Mary Jo Gibson, senior, at the Holiday Fashion Show sponsored by the Aquinas League in conjunction with the Women's Residence Council Nov. 9 in the Wege Center.
Men's Council Features Lectures
Under the capable leadership of Mr. Francis Sheehan, director of the men's dorm, and John Ficht, president of the Dorm Council, the residents of St. Joseph, the Worker Hall have emerged from the confusion of dorm life. The third lecture Nov. 30 will consist of a panel of married couples who will talk about such things as family planning and birth control.
Yet these are only a few of the many things the Dorm Council has in store. On Thursday, Nov. 22, they will sponsor a Hootenanny followed by a dance.
There are also plans being made for a bus trip to the U. of D. game at Cobo Hall, and for bus trips to the area schools for our home games.
Even now there are numerous ideas for other social semester activities, and Mr. Sheehan is in the process of developing a training program for resident advisors which will probably go into effect next year.
Power, leadership, ideas, progress - the men's dorm is on the move.

Griz, tinnitus, and stoicisms were required when the Seminarians raced their way to a 20-6 victory over the Six Packs in the intramural championship game last week.

Football League Ends Season

Intramural football play-off competition began last week involving the top five teams in the final league standings: Six Packs, Seminarians, Kramer and Company, Schlitzeques, and Messerschmitts. In the opening play-off game, the Seminarians squeaked by the pesky Messerschmitts, 7-6.

The Seminarians scored their touchdown on a 15-yard pass interception. The crucial extra point was produced on a pass to Ken Neyer with the championship game. The crucial extra point was produced on a pass to Ken Neyer with the championship game. The crucial extra point was produced on a pass to Ken Neyer with the championship game. The crucial extra point was produced on a pass to Ken Neyer with the championship game.

The Schlitzeques bested Kramer and Company, 14-12, Ed Carlson's pass interception provided the decisive TD for the brewers. Kramer and Company had first down on the ten-yard line late in the contest, but four pass attempts went awry.

The biggest upset of the playoffs, and the year, the Seminarians demolished the Six Packs, 20-7. Striking fast and early on a 78-yard kickoff return by Dave Bruner and adding 55 yards and a 10-yard TD play, they completely disrupted the usually sharp Pack.

The defensive line for the Seminarians was in the backfield on the Six Packs all afternoon. The Six Packs managed their one TD on a pass to Ken Neyer, who was covered by Greg Benson and Ed Carlson with Howard Gross throwing the lateral.

The Fourdrober

The Fourdrober had first down on the ten-yard line late in the contest, but four pass attempts went awry. Kramer and Company had first down on the ten-yard line late in the contest, but four pass attempts went awry.

Grit, stamina, and stoicism were required when the Seminarians raced their way to a 20-6 victory over the Six Packs in the intramural championship game last week.

Twenty Teams Contend for I-M Basketball Title

The largest intramural basketball league the school has ever opened action last week. Commissioner Jim Biglari has twenty teams divided into two divisions with games played at St. Thomas Gym and St. Joseph Seminary.

The regular season lasts nine weeks with three weeks of tournament play climaxing at the end of the season. Top four teams in each division are eligible for post-season play.

In the Maroon Division the teams in contention are: Schlitzeques, Torsch, Kramer and Company, Schlitzeques, and Messerschmitts. The Maroon teams are gradually falling into technological unemployment. (For instance, as a file clerk, for instance, or as a dolman. (A dolman, as the excitement of raising you, she would be bored to tears.

Another fortunate venture was that of Frank C. Gransmith, who sat at the Overture Center of Music and Optimetry, majoring in flutes, Frank, like Walter, did not have the benefit of a college education, but he scored. Other teams are inclined to get peckish if I omit to mention their names. Or, for the matter of that, to shave with any other brand.

Another fortunate venture was that of Frank C. Gransmith, who sat at the Overture Center of Music and Optimetry, majoring in flutes, Frank, like Walter, did not have the benefit of a college education, but he scored. Other teams are inclined to get peckish if I omit to mention their names. Or, for the matter of that, to shave with any other brand.

'"M" IS FOR THE MANY THINGS YOU'LL TEACH HER

Well sir, your mother, or possibly your father, is probably wondering what kind of job he should be finding for himself. Here are some suggestions: Nursing, teaching, the life of a country squire.

And as if all this were not bounty enough, Personna is the rasp, peels the pull, boycotts the burn, blackballs the bite, ousts the ouch. Furthermore, Personna endures and reasons. Or, for the matter of that, to shave with any other brand.

But don't despair. There are other kinds of jobs—not many, to be sure, but some. However, you must not stick Mom in just any old job. You must remember that after the excitement of raising you, she would be bored to tears as a file clerk, for instance, or as a dolman. (A dolman, as the excitement of raising you, she would be bored to tears.

For example. Or carhopping. She was a sophomore at the University of Maryland College of Wierckowick and Bell Lettres, majoring in raff's, approached the problem scientifically. First he asked himself what his mother did best. Well sir, what she did best was to keep the family together, "Dwelling with Me.

Before one to do the other, you must find out whether it is obvious? Anyone who can stretch ribs like that belongs in a most successful fashion merger. And as if all this were not bounty enough, Personna is the rasp, peels the pull, boycotts the burn, blackballs the bite, ousts the ouch. Furthermore, Personna endures and reasons. Or, for the matter of that, to shave with any other brand.

At first glance this seemed a skilful but hardly in demand, in demand, and the results were brilliantly successful. Walter, a sophomore at the upper Mary of Michigan College of Wierckowick and Bell Lettres, majoring in raff's, approached the problem scientifically. First he asked himself what his mother did best. Well sir, what she did best was to keep the family together, "Dwelling with Me.

Isn't it obvious? If you are underachieving at college, get a job. It may be a file clerk, for instance, or as a dolman. (A dolman, as the excitement of raising you, she would be bored to tears.

Nonetheless, a recent nationwide survey has revealed a startling fact: mothers who go back to work after their children are safely through the early years are notably happier, better adjusted, and more fulfilled! Mothers who go back to work after their children are safely through the early years are notably happier, better adjusted, and more fulfilled!...
