Increased Costs, Services Necessitate Tuition Rise

Earlier this semester it was announced that tuition rates for next year will increase. The following information procured from the Office of the President, Fr. Arthur F. Bukowski, should show the student body why such a move was necessary.

The increase in the tuition rate will be from $395 to $490 per semester. The present rate of $395 covers 12 and 18 semester hours. Next year, there will be no extra charge for up to 20. Moreover, this new rate will make possible a much greater appropriation for student activities program and academic purposes. This means that the students will now have more opportunities for social and cultural events.

One new provision is to enable college to meet rising costs. The larger tuition fee makes possible greater services in teaching, counseling, placement and other areas.

Future and past students of Regina will go on to college, and therefore, make possible a much greater services in teaching, counseling, placement and other areas.

The workshop will be held from June 19 to July 28. There is an open enrollment for teachers of literature in grades 10 through 12. Seniors who will be teaching these grades are invited to attend.

The enrollment for the workshop is limited to 15 people, five people per grade level.

The workshop takes place from 9 to 4 p.m. on Monday, Tuesday, Thursday, and Friday.

A highlight of the workshop is to revitalize the teaching of literature in the room and school. It is an experimental program including the study of the theater, painting, music, motion pictures and of course, the literature of the 19th and 20th century. British and Irish literature are to be studied.

Mme. Gertrude M. Horgan, the Project Director, will give instruction in literature while Mr. Jack Jackson, Assistant Project Director, will give instruction in the theater. Other instructors and灌will include Mr. John Harker, Mr. Ken Kevins, music; Sister Lois, art; and Sister Ann Frederick, motion picture.

New Dormitory Wing Accommodates 148

Migration from "west campus" for many Xavier Hall girls was the theme last weekend as the residents moved into the newly-construed wing of Regina Hall.

The completion of the new wing will bring the capacity of on-campus housing for women to 304.

This newest addition to the Aquinas campus will house 148 women on four floors, and will almost double the size of Regina.

The majority of the girls moving into the wing are from Xavier Hall, which was rented from St. Mary's Hospital to provide additional dorm space for coeds during the first semester.

Also being vacated are Sienna Hall and Mrs. Carline's House. Triples in the original wing will be reduced to doubles, Willowbrook and Loudon will remain as off-campus housing.

New facilities of the wing will include: a quiet room on every floor (containing desks and reference material); enclosed lounges; and a lower-level central laundry.

Other added conveniences include an intercom system and a double-sized luggage room.

The staff of the Aquinas Regina will include Sister M. Ignatia, O.P., present dorm director, Sister Thomas Kyran, O.P., Mr. Snoke, Mrs. Pearce, and fifteen floor counselors.

Sister M. Alme, O.P., dean of Aquinas, has announced that a European Travel course in Art will be offered in the summer of 1968. Information regarding the three-hour course will be available at a later date.

Mr. Dennis Williams, of the class of 1965, has been named Assistant Director of Development working with Alumni and Parental Relations. Dennis has recently returned from Grand Rapids from a two-year Peace Corps assignment in Guatemala.

Total enrollment for second semester has dropped to 1354 from the 1464 of first semester. The decrease is significantly smaller than that of the previous four years, according to Fr. Arthur F. Bukowski, president. Full-time fall enrollment is listed at 918, with seven additional out-of-town men and four less women.

The Associated Students Women's Union, which includes all women attending Aquinas College, will bring the capacity of on-campus housing to 148 for the 1968-69 academic year.
