CAMPUS SAFETY AND THE ECA SUGGEST:

- Take advantage of the Aquinas escort service through Campus Safety. Call 459-8281, ext. 259, a few minutes before you need the escort.
- Walk with friends, not alone—especially if you're intoxicated.
- Pick your paths carefully. Avoid dimly lit areas.
- Walking confidently is a deterrent against assault, Higley said. Knowing your way around the area, not looking like you may be lost, can help.
- Lock your vehicle, both when you're in it and when it's parked. Look in the back seat of the car to make sure no one's hiding there.
- Don't carry shoulder purses. Better yet, avoid purses altogether and put your money in pocket.
- Report suspicious activities on campus to Campus Safety at 459-7727, or call the Grand Rapids police at 911 to report any activities off campus.

For further crime prevention information, contact Campus Safety, the Grand Rapids Police Community Affairs Unit at 458-4877, or the Eastown Community Association at 451-3025. The ECA office, at 415 Belle, S.E., has information that students are welcome to browse through, and a full-time crime prevention officer.

Students are encouraged to join the ECA, said Higley. She said that 70 percent of Eastown blocks have active neighborhood watch groups, which students are also encouraged to participate in.

The ECA holds public board meetings on the third Thursday of each month, at the ECA office.

Anybody with information about Robin's activities on December 29, is asked to call Silent Observer at 774-3845 or The Grand Rapids Press at 456-3110. A reward for information leading to the arrest and conviction of her killer is being offered.

Eastown Area Offers Dining Variety

BY TERRY CAMPBELL

Hungry for a burrito, a nitrite-free hot dog or a slice of mudbottom pie? Perhaps a bowl of rice and beans, topped with a "good" chicken, or baklava is more to your liking. Whatever your Episcopalian delights may lean, Aquinas students are within walking distance of a blend of ethnic foods in the Eastown area of Lake Drive and Wealthy Street. For your convenience, some establishments deliver your order to your dorm lobby.

If tabbaleh and silk flowers are important criteria for your dining atmosphere, Brandywine, at 1345 Lake Drive, is the restaurant for you. Open from 6 a.m. to 8 p.m. Monday through Friday, 6 a.m. to 3 p.m. on Saturday, and from 9 a.m. to 3 p.m., Brandywine serves breakfast any time. Cold cereals to elaborate omelettes range from 75 cents to $3.95. The luncheon special, a bowl of soup, a salad, and a dessert, is 75 cents. Tonight's special is tattooed chicken with a side of rice and salad. Another look at Brandywine is a visit to the Deli, Eastown Deli, 410 Ethel, S.E. Just 459-7727. Brandywine offers good food and reasonable prices in a casual but neat atmosphere. The rave review is their herb chicken served at noon. Dinner fare is open from 11 a.m. to 9 p.m. Monday through Saturday, 11 a.m. to 11 p.m. Sunday. The menu for Brandywine continues until July 4.

If Lebanese is your dining delight, the Eastown Deli, 410 Ethel, S.E., can satisfy your appetite. The Deli is open from 11 a.m. to 11 p.m. Monday through Saturday, and noon till 9 p.m. on Sunday. With a seating capacity of 40 inside the Deli, lunch can also be enjoyed in their small sidewalk cafe. Using fresh natural foods, the Deli is known for its subs and its wide range of vegetarian foods with special emphasis on the Lebanese cuisine. Try the Tabbaleh.

Hotdog connoisseurs meet at Yesterdog, 1505 Wealthy, S.E., and chow down on franks made especially for Yesterdog. They boast of no preservatives or nitrites in the meat. The menu is limited to hotdogs, with choice of cheese, meat sauce, or sauerkraut toppings. Fast service is given by a staff that is jovial and well-organized.

Yesterday's is a popular spot in Eastown, Johnson feels that it's the college campus. It is an incident in our community, it is not typical for our courts to go up.

"I'm not seeing fear from the people living here," said Higley. She said that there had been "no real panic" to the ECA, "mostly people outraged in the media treatment of the case."

Johnson also criticized the media's coverage of the event, saying that the articles and TV reports have been insensitive. "I'm not seeing fear from the people living here," said Higley. She said that there had been "no real panic" to the ECA, "mostly people outraged in the media treatment of the case."

Anybody with information about Robin's activities on December 29, is asked to call Silent Observer at 774-3845 or The Grand Rapids Press at 456-3110. A reward for information leading to the arrest and conviction of her killer is being offered.

More than one-quarter of all pregnancies now end in abortion at a rate of roughly 4,000 a day. As a firm believer in the sanctity of life I support the right of the fetus to live. You will not see me bombing abortion clinics, marching on the capital city for the end to state-paid abortions, or even voting for laws prohibiting abortion.

Many anti-abortion supporters believe that with legislative hits to abortion their battle for human life will be successful. I disagree with their easy solution. A legal halt would be as ineffective as prohibition was at stopping Americans from drinking. In the years since abortion became legal it has become an ingrained aspect of society. Women would find people willing to perform abortions for them, whether it took large sums of money or the unskilled hands of a back-alley surgeon.

How then are we to stop abortions if we can not do it legislatively? Our attitude towards those who are involved in the process of abortion must be one of compassion and dialogue. Violence is not the answer. Whether one bombs a clinic or assaults a woman who has undergone an abortion they have passed judgement. I find nothing loving in either response to abortion.

What we should be doing is offering these people a concrete sign of our concern for life; ie., offering them our resources in the hope that through our love we will assure that they will never seek the "easy fix" that abortion seems to be.

Our dealings with those who permit their fetus to be aborted can only be a band-aid method. Education is the loving way to end abortion, and this education must come in several forms. Not only must we educate our young people about their bodies and sexuality but we must place this in the context of their development as persons, one which is loving and pro-life. We also have to develop ways in which to educate society on how their actions effect others. Our way of living perpetuates the continuation of abortion. Only in a radical change in our lifestyles will the end of abortion occur.

In closing, this is a moral dilemma for which we are all responsible. The way to stop abortion is to make it an undesirable answer to a problem we as a society can change. The answer is not in laws banning abortion, it is in the painful realization that we as a nation contribute through our lifestyles to the demise of life.

College Celebrates Feast of Patron Saint

Aquinas College will celebrate the feast of its patron saint, St. Thomas Aquinas, on Sunday, January 27, with a special mass, an honors banquet, and a lecture on St. Thomas, and interfaith understanding.

Although the actual feast of St. Thomas is on Monday, January 28, the College will celebrate it with special events on Sunday in order that as many people as possible can be involved. The major event of the day will be the mass at 10:30 a.m. in the Auditorium of Wege Student Center. The homilist and principal celebrant for the liturgy will be the Reverend Donald Goergen, from Wisconsin. "The liturgy will be a very special one, celebrating our heritage," said Sister Lenora Carmody, dean of instruction. "I encourage all students, faculty and staff members to join together in this celebration."

At 6 p.m., there will be a reception and banquet for faculty members and a select group of honor students from Aquinas' senior class. Following dinner, the invited students and faculty members will hear remarks from the Reverend David Burrell, Notre Dame University professor. Father Burrell will speak on "St. Thomas Aquinas and Interfaith Understanding, doing extensive research. In his lecture, Father Burrell will draw parallels between ecumenism in St. Thomas' time (the 13th century) and the present.

Father Burrell is professor of philosophy and theology department at Notre Dame. He received his Ph.D. degree in philosophy from Yale University in 1965. He is the author of (Aquinas; God and Action) (1979) and (Analogy and Philosophical Language) (1974). He received a Fulbright Fellowship in 1954, and a Kent Fellowship in 1963. He was ordained to the Congregation of the Holy Cross in Rome in 1969 after completing his theological studies at Gregorian University.

AAC Offers Grad Test Preparation

By GARY EBERLE

Most graduate schools require that prospective students take one of the graduate school entrance examinations before they are accepted. Until now, Aquinas students have either had to contend with the vagaries of the Graduate Record Exam and similar tests on their own or attend one of the (and usually expensive) preparation courses offered by private companies.

This semester, the Academic Achievement Center (formerly SSP) will be offering a four-week series of workshops designed to help students get themselves ready for these crucial examinations. The series will begin on Wednesday, January 30, and will continue through the three following weeks. In the opening session, Peg Burke, program counselor with the Academic Achievement Center, will discuss how to overcome test anxiety of the sort that this kind of test can bring on.

On February 6, Gary Eberle, writing skills specialist with AAC, will give tips on how to fare well on the verbal and analytical sections of the GRE, LSAT, and GMAT. Mike Eberle, mathematics specialist for AAC, will outline a mathematics review for the Quantitative parts of the exam on February 13, and the series will conclude February 20, with Jane Killman, study skills specialist, offering strategies for better reading comprehension and general test-taking skills.

While this series of workshops alone can't fully prepare the student for these comprehensive examinations, it can at least provide participants with direction and ideas for self-study. It has been proven that intensive preparation for the graduate school tests can improve scores significantly. These four workshops will include simulated test-taking under conditions as close as possible to the actual test.

All workshops will be held on Wednesday evenings (Jan. 30, Feb. 6, 13, and 20) in AB 316 from 5:30 to 7:30 p.m. Students are requested to preregister for this free series. For further information and to preregister, call Aquinas extension 367.

(Special Note: Spring dates for the administration of graduate school exams are as follows: GRE, April 3, June 8; LSAT, March 2; GMAT, March 16, June 15. Students are responsible for registering for these examinations for themselves by the deadline date. Registration forms for the GRE and LSAT are available in the Career Development Office, AB 110, for the GMAT in the Graduate Management Program Office, AB 120.)

How many times have you woken up with a raspy throat, congested sinuses, and the chills? When you wonder what to do, a friend probably directed you to the Aquinas Health Center in the lower level of Wege Center for help. The Health Center is staffed by Peter App, M.D., school nurse Mrs. Margaret Chappell, and assistant Katy Martinus. Dr. App, a 1966 Temple Medical School graduate, has a family practice at the Creston Medical Center. He has been at Aquinas since 1978. His oldest child, Megan, is a freshman. Mrs. Chappell, currently in her fifteenth year as nurse, really enjoys her job. The mother of five children and grandmother of eight said, "I see the students mainly when they're sick, but I would like to see them when they're well."

Aquinas senior Katy Martinus has been nurse's assistant for the past two and a half years. Her duties include secretarial work and almost everything else. She describes herself as a "Jack of all trades." She's ready to graduate in May with a liberal arts degree.

The Health Center's office hours are:
Monday, Tuesday, Thursday: 8 a.m.--5 p.m.
Wednesday: 10 a.m.--3 p.m.

SPORTS WRAPUP
By MICHAEL L. DEAN

It was "lights, camera, action" January 9 in the Aquinas Fieldhouse when the Saints hosted Calvin College. A big reason for that was the local broadcast of the game on WKMI-TV (Channel 17) and WCUZ-AM Radio. The two teams had placed good records on the line, Calvin bringing a 7-3 mark and Aquinas risking their 11-game winning streak. All of the ingredients were there for another showdown between the two Grand Rapids schools.

A showdown it was, but the game was decided rather early when the Saints broke open a tight contest to take a 48-35 halftime lead. Junior guard Laray Hardy (Muskegon) was the "star" of the first half, scoring 18 points. Meanwhile, Kyle Vander Brug and Kurt Wassink were keeping Calvin in the chase with 14 and 13 points respectively as they were hitting well from the outside, but they couldn't get much help inside, as Aquinas made it tough going there.

With the first-half lead established, the Saints continued to keep control of the contest, as they kept the Knights from making any sort of serious run at them. Hardy continued to dazzle the 1300 spectators who watched the game with an array of outside jumpers and inside moves as he scored 16 more points in the second half to lead Aquinas to a decisive 91-73 win.

Hardy finished with a game-high 34 points for the Saints, who got support from senior guard Tim Kegerlein (Frankenmuth) and Junior center Joe Van Rostalen (Grand Rapids), who each scored 12 points. Sophomore forward Cory Branch (Bridgman) added 11 points. Calvin was led by Vander Brug and Wassink, who tallied 27 and 21 points respectively, but the only other Knight to make double figures was Bruce Bierlink, who had 11.

The Aquinas College’s men’s team stretched their win streak to 12 games, but the streak ended at Hope College (Well, the ink had to dry on the record-setting streak at some time or other).

PEG HARTE NAMED NAIA DISTRICT 23 PLAYER OF THE WEEK

Peg Harte, Aquinas College’s senior forward, was named National Association of Intercollegiate Athletics (NAIA) District 23 player of the week.

Practice, Aquinas cheerleading coach Karen Stefanick says, is what makes this year’s cheerleading squad “definitely... one of the best squads ever. They work eight to 10 hours on their mounts each week.”

Stefanick, a four-year coaching veteran, says that she enjoys her second job as coach very much, and feels that it is “a rewarding experience.” During the day, Stefanick serves as associate director of admissions at the College.

In addition to cheering for all home games as well as some of the closer away matches, the team hosts a cheerleading clinic on campus. The clinic, for high school cheerleaders, “has been very successful, including this year,” Stefanick says.
