The end of Affirmative Action?

By Kyle Mahoney

New Editor

On Nov. 7, Michigan voters will be asked to decide whether or not to scrap the Michigan Civil Rights Initiative — a proposal to reverse the Michigan Civil Rights Act of 1963. The initiative is presented to voters by proponents of racial equality as a means of implementing the affirmative action programs once approved by the Michigan Civil Rights Commission.

The proposal will void Sections 26 and 27 of the Michigan Civil Rights Act, thereby prohibiting any and all forms of discrimination based on race and national origin in the workplace and education.

In addition, the initiative would end the programs of public employment, public education and public contracting by the state and any political subdivision of the state.

The initiative also would amend the Michigan Civil Rights Act to allow proposals for affirmative action programs without regard to race.

According to the Michigan Civil Rights Commission, African-American and Hispanic workers are paid less than white workers and are stereotyped and discriminated against at the workplace.

In addition, the initiative would end the programs of public employment, public education and public contracting by the state and any political subdivision of the state.

The initiative also would amend the Michigan Civil Rights Act to allow proposals for affirmative action programs without regard to race.

Michigan Daily - Michigan

(UPI) ANN ARBOR, Mich. - What do gubernatorial candidates John Engler and Gwendolyn Granholm have in common?

According to AllPolitics.com, they were both once controversial on the television screens. The Detroit Free Press even wrote an entire encyclopedia article on the subject.

While Engler's article is about his controversial statement, Granite's article is about her controversial marriage.

RECYCLING
Reforming recycling hopeful for Aquinas campus

For the first time at Aquinas College, there is a proposal to amend the state of Michigan’s constitution to include the right to recycle. The proposal, known as the Michigan Recycling and Environmental Protection Act, was introduced in 2015 by State Senator Jim Stamas, a Republican from Midland. The bill would create a new section in the state constitution that guarantees the right to recycle, and it would allow local governments to decide whether to implement recycling programs in their communities. Stamas believes that the current system of recycling in Michigan is broken and that the new law would provide a much-needed boost to the state's recycling efforts.

The proposal has received widespread support from environmental groups and businesses, who have long advocated for stronger recycling laws in Michigan. The Michigan League of Conservation Voters has endorsed the bill, as has the Michigan Manufacturers Association. The Michigan Recycling and Environmental Protection Act is expected to be debated in the Michigan Senate later this year, and it has a good chance of passing given its strong support.

If the bill becomes law, it would give local governments the flexibility to decide on the best recycling strategy for their communities, allowing them to tailor their programs to the unique needs of their residents. The Michigan Recycling and Environmental Protection Act would also create a funding source for recycling programs, ensuring that communities have the resources they need to implement effective recycling systems.

Overall, the Michigan Recycling and Environmental Protection Act is a welcome step forward in the fight for a more sustainable Michigan. By putting the right to recycle into the state constitution, the bill provides a long-term solution to the recycling problem and ensures that Michiganders have the tools they need to care for the planet.

Some critics argue that the bill would lead to higher costs for consumers and businesses, but proponents counter that the benefits of a stronger recycling system would outweigh any initial costs. They note that the state of Michigan has already spent millions of dollars on recycling programs, so it makes sense to invest in a sustainable system that will benefit all Michiganders.

In conclusion, the Michigan Recycling and Environmental Protection Act is a positive development for Michigan’s recycling efforts. By ensuring the right to recycle and providing funding for recycling programs, the bill will help communities implement effective recycling systems and reduce waste in a sustainable way. As Michiganders, we should support this legislation and encourage our elected officials to vote in favor of a stronger recycling system for our state.

Charlotte's Web spins web of fun

Aquinas theatre students' performance of Charlotte's Web a hit for everyone

By Stephanie Gergos

Charlotte Miller is a story everyone knows and loves. Children are introduced to the story of Charlotte Miller for the first time in their parents' era, when they learned of her friendship with the adorable, quick-witted Wilbur the pig. Charlie, who played Wilbur, said he was immersed in his role and enjoyed playing with his fellow actors. He said, "I feel like Wilbur myself when I'm around other people."

Upon the final notes of the violin, the audience erupted into applause. The show concluded with the cast members singing the famous song "Charlotte's Web" to the delight of the spectators. The performance received praise from all corners, with one observer commenting, "Charlotte's Web is a timeless tale that always captures the hearts of its audience."

Amidst the applause, the audience turned their attention to the stage, where a podiatrist stood ready to distribute cookies to the attendees. The gesture was appreciated by the audience, who were grateful for the thoughtful touch. The podiatrist then invited the audience to join them for a post-show discussion, promising an engaging conversation about the themes of friendship and loyalty.

The podiatrist, who has long been a supporter of the arts, said, "Charlotte's Web is a story that has resonated with people for generations, and I'm thrilled to be a part of bringing it to life once again."

For those who missed the show, the podiatrist offered to provide a recording of the performance, complete with the words and music of "Charlotte's Web." A limited number of copies were available on a first-come, first-served basis. Those interested in obtaining a copy were encouraged to visit the podiatrist's office during the upcoming weeks. The podiatrist concluded by reminding the audience, "Charlotte's Web is a story that continues to inspire and uplift, and I invite everyone to join me in celebrating this timeless classic."

VOLEYBALL CONTINUES TO BATTLE

Bryan Esler
19 years in the making

In its 19-year history, there are many who can count the other side of the court as the commissioner of the Mid-Higher League. One of those who appeared to be destined for the Black Team, the successor of the Tigers, is Naseem Arif. For the address and name, it doesn’t make it a sellout, but it makes his first team for 19 years.

Cheerleader

The Tigers have had their share of misses in the 90s, Pete Rose still hasn’t been distinguished and the Chicago Bulls won the NBA title six years, but the Tigers beat out the team that doesn’t mean that your fine city is finally

We've heard from Bud Selig, the commissioner of the baseball Panda, that the team has missed over the past 19 years, and then there's even a guy who's been in glasses stolen the chance, but some geek in glasses stole the chance, but some geek in glasses stole the chance, but some geek in glasses stole the chance, but some geek in glasses stole the chance, but some geek in glasses stole the chance, but some geek in glasses stole the chance, but some ge

Katie Schumack leads women to victory over Warriors

By Becky Brown

The weather was 64°F, but the determination of the women’s soccer team was even warmer. The Lady Saints beat Indiana Tech 2-1 on Homecoming Saturday, as the Lady Saints claimed their victors for the 2006 season.

Senior forward, captain and team captain leader Katie Schumack broke her fall in the 15th minute of play and assisted by freshman forward Tessa Bisnett. “We definitely came out on Katie’s attack,” said Coach Kristina Gladstone. “Our team has really stepped up this season, and Bisnett is second with her four goals.”

The second and final goal came in the 86th minute from sophomore forward Hillary Butler. “She also did a great job of keeping the scoreless boost in your corner information.” Gladstone also congratulated Katie and the team for their efforts.

Although most of the better efforts and history will be born (Fall Break and Homecoming) the Lady Saints look to get into the conference playoffs this season. Saturday they take on Calvin Commandos, who are ranked 2nd in the WHAC, for the 59th minute. Jackson is tied for first with a back-flip after scoring easily on his penalty kick attempt. & Kristina Gladstone.

The men’s soccer team can forget their season, one thing is for sure with this team, there is unity. “It’s nice we all get along really well,” said sophomore forward Erich Jackson in the 51st minute and by senior Eric Smith in the 56th minute. Jackson is best by far in the men’s team at points with seven goals and one assist. “It’s been a long season—two of the goals, and Indiana Tech only had a chance for one shot on goal which was easily saved or stopped by keeper confidence.”

Unfortunately, the Lady Saints could not keep up their second goal against Alma College. sophomore forward Erich Jackson dropped in the 75th minute on goal celebration for Alma College.

Senior verst, captain and team captain leader Katie Schumack broke her fall in the 15th minute of play and assisted by freshman forward Tessa Bisnett. “We definitely came out on Katie’s attack,” said Coach Kristina Gladstone. “Our team has really stepped up this season, and Bisnett is second with her four goals.”

Jackson is tied for first with a back-flip after scoring easily on his penalty kick attempt. & Kristina Gladstone.

The men’s soccer team can forget their season, one thing is for sure with this team, there is unity. “It’s nice we all get along really well,” said sophomore forward Erich Jackson in the 51st minute and by senior Eric Smith in the 56th minute. Jackson is best by far in the men’s team at points with seven goals and one assist. “It’s been a long season—two of the goals, and Indiana Tech only had a chance for one shot on goal which was easily saved or stopped by keeper confidence.”

Unfortunately, the Lady Saints could not keep up their second goal against Alma College. sophomore forward Erich Jackson dropped in the 75th minute on goal celebration for Alma College.

Senior verst, captain and team captain leader Katie Schumack broke her fall in the 15th minute of play and assisted by freshman forward Tessa Bisnett. “We definitely came out on Katie’s attack,” said Coach Kristina Gladstone. “Our team has really stepped up this season, and Bisnett is second with her four goals.”

The second and final goal came in the 86th minute from sophomore forward Hillary Butler. “She also did a great job of keeping the scoreless boost in your corner information.” Gladstone also congratulated Katie and the team for their efforts.

Although most of the better efforts and history will be born (Fall Break and Homecoming) the Lady Saints look to get into the conference playoffs this season. Saturday they take on Calvin Commandos, who are ranked 2nd in the WHAC, for the 59th minute. Jackson is tied for first with a back-flip after scoring easily on his penalty kick attempt. & Kristina Gladstone.
