ISIS seizes crucial territory in Syria, continues to fight for gains in Syria

By Mackenzie Murphy

ISIS militants have seized Abu Ghraib, the outer suburbs of Baghdad, only eight miles from the Baghdad International Airport. In spite of U.S. airstrikes around regions of ISIS control, the organization has made extensive gains against the Iraqi forces to continue the main opposition against ISIS.

An Iraqi officer confirmed that the militants are helping to clear a battle zone around the city, where 40,000 troops are assigned to protect the larger Baghdad area. However, critics are skeptical of the army’s effectiveness after last month’s fall of Mosul and the army’s turbulent history of corruption.

Meanwhile in Syria, Kurdish forces held off ISIS militants in Kobani. The US has joined the conflict, and more than 200,000 civilians have been killed. The Kurds say they have recaptured 95% of the city.

"The city is in danger," said Faizal Shami, a Kurdish activist in Kobani controlled by CNN News. The UN says to over 3,000 people have been killed in the fighting. According to NBC News, the UN has delivered 500 tons of food to the area.

The UN says that while ISIS has been 섬성 (seized) by the Kurdish government, the conflict is far from over. Estimates show that ISIS controlled the region for less than a year.

More than 100,000 refugees from Kobani have fled to Turkey since the outbreak of the conflict. In September, thousands of refugees have fled to Turkey to avoid the fighting. The UN has warned that without proper aid, more than 100,000 people could die in the next few weeks.

"Our lives are in danger," said Hiba Salih, a Syrian refugee. "We have nothing to eat and no place to stay."

The Grand Rapids community is filled with a second generation immigrant population. Children whose parents reside here but know little English and have limited resources to provide their children with education and more. The Grandville Avenue of Arts and Humanities (GAAH) strives to make it easier for a neighborhood within the southwest community of Grand Rapids to provide the necessary resources for the underserved children. They give children of all ages the opportunity to get help with school work and be involved in different types of arts. When they get to a certain age they are given the opportunity to choose what type of art they would like to continue specializing in, and a few years ago a particular group of boys decided they wanted to specialize in break dancing.

They began a dancing crew with the help of Brian Urbane, who has been dancing for five years himself and goes by the dance name of Randolph. Brian has been their loyal instructor for a year and a half. The crew they named Aerial Tactic consists of six boys ranging from 10-15 years old.

Randolph, who has a few years ago, has become more active since he started breakdancing. Now he has been break dancing for a year and he enjoys coming to practice and being part of a team. The boys all say that they wake up every morning ready to practice because they want to improve, they constantly build off of each other and compete with one another to be better.

The healthy competition and family atmosphere has changed their lives so much some of them even agree to build it as a career in different forms. The Grandville Avenue of Arts and Humanities inspire kids to begin fulfilling an art from a young age so they may find a life-changing and lingering activity and passion in Aerial Tactic. If you missed them at Homecoming on campus, be sure to stay tuned for their next appearance in the community.

Big news from the world of food: Food burger King has bought Tim Hortons.

Yes, it is true, the burger tycoon has bought the much loved coffee and donut shop. Will every Burger King have a Tim Hortons’ attached to it? Will Tim Hortons’ have whopper flavored coffee? Hopefully yes. Though some will argue that Burger King only purchased them to avoid tax issues. Only time will tell if they will bring their coffee and donut offering to all of their stores.

If everything Planned Parenthood said was true, you would think that because of the weather they were not able to get away from these protesters. Simply put, I feel comfortable stating that Aquinas thinks of all of its students as someone who identify with Planned Parenthood is "to educate, care for women, men, and young people, a couple reasons. First, they're kids and cause they need to be educated if they people through one big general lens seem very counter-productive. I was a third grade teacher. I had known him for 4 years as a third grade teacher. I used to think about his future and what he would become.

I found out the worst possible way: I received an email from the principal. I was devastated.

I didn’t know what to do. I didn’t know how to talk to the class. I didn’t know what to say.

After the first round of playoffs, the Detroit Tigers have unfortunately been unable to win the championship. After losing to the San Francisco Giants on October 16, they have given up hope for the season.

The Tigers did end up being first in the American League Central Division, but that didn’t last long as the first basemen was traded in the winter, leaving the Tigers needing a replacement. In the winter, Anibal Sanchez was traded to the Boston Red Sox for a minor league player. On the other hand, Porcello (pitcher), David Price (pitcher), and J.D. Martinez (outfielder) are all up for arbitration. What matters is that each player and the Tigers organization will negotiate to come to an agreement.

Former teammates, Max Scherzer, Victor Martinez, Justin Upton, and Phil Cuzzi are all free agents who may not return to the team. Each of these players has made a statement on the matter.

After the two Championship series conclude, the World Series will take place and a champion will be crowned. Detroit is looking forward to this exciting time.

The Tigers are looking forward to 2015 with a new manager and the hope that they will finally win the World Series. With a 93-69 record, the Tigers were solid throughout the season. They still have a lot of work to do in order to win the World Series, but they are not giving up.
